"Excellence In Education"

Jackson Academy
28 Years of Service

On August 22, 1986, Jackson Academy will begin its 28th year of providing quality education to young people in our community. When it was established in 1959 to offer instruction in the phonetic approach to reading and independent study skills, Jackson Academy had forty students enrolled, and a staff of six.

Today the school offers a full program for students in pre-primer through high school. The enrollment of 1290 is served by a dedicated and capable staff of 109. Both physical facilities and the academic curriculum reflect this growth and development.

In response to academic and extra-curricular demands, a progressive building program continues. This year two classrooms and office space for the junior high dean have been added.

The primary concern of Jackson Academy's Board of Trustees and Administration is to provide for the diverse interests and goals of all the students.

Jackson Academy's academic strength lies in systematic, thorough instruction in the basic skills with supportive services, and enrichment programs. As the curriculum advances, greater diversification of subject matter is offered in the arts, sciences, and professional skills. Our outstanding athletic program consists of football, basketball, baseball, soccer, track, tennis, swimming, and softball. Opportunities for team participation and individual achievement are highlighted with interscholastic competition.

With a deep sense of respect for past ideals, a realistic awareness of present needs, and a purposeful anticipation of future expectations, Jackson Academy offers the challenge of excellence in education.

MR. GLENN CAIN
Jackson Academy Headmaster

August 22, 1986

Dear Friends:

It is always a pleasure for me to welcome Jackson Academy fans and fans of the visiting team to our campus to enjoy good athletic competition.

1986-87 will mark our seventh year in high school athletic competition. The success that we have achieved in academics and athletics can be directly connected to the efforts of patrons, students, and staff. Each group has unselfishly given of their time and effort to bring Jackson Academy to the level of success that we now enjoy.

The Booster Club at Jackson Academy is an important part of our program, and to them I express the school's thanks. The Booster Club's athletic program is recognized as one of the best published in the state and is an example of the quality and effort that the Booster Club exerts on behalf of our school.

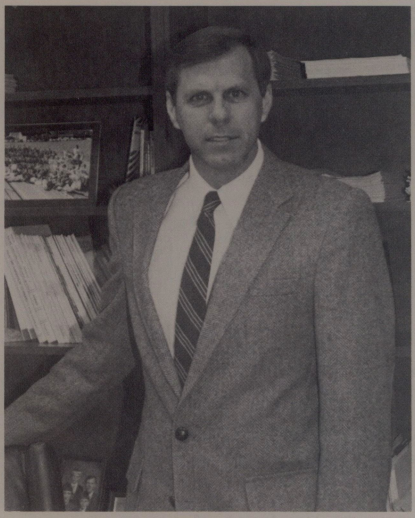

One of the best ways for us to show everyone that we desire excellence in education is by our conduct at games and by the place athletics holds in our total program.

As we enter into our 28th year, I want to continue to expand our programs and seek to accomplish our goals through "Excellence in Education".

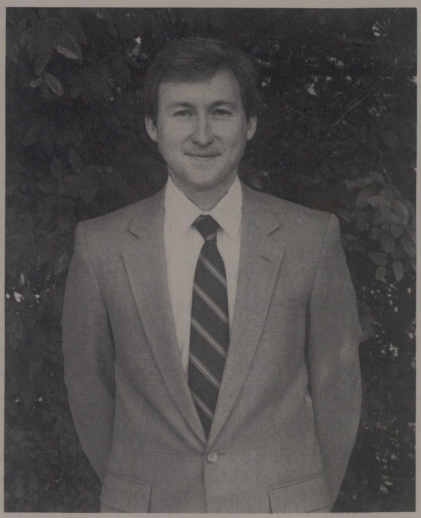

Sincerely,

Glenn A. Cain

The Ray Higgins and Harmon "Bubba" Cox Awards

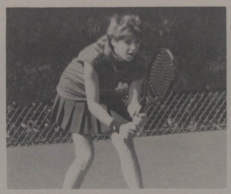

Jackson Academy had two special awards for excellent academic achievement combined with sports participation. The awards are the Ray Higgins Award for girls and the Harmon "Bubba" Cox Award for boys and are presented each year to the high school girl and boy who have attained the highest academic average and have also lettered in a minimum of two sports. In 1985 the Ray Higgins Award was presented to Ginger Hubbard and the Harmon "Bubba" Cox Award was presented to Chris Hughes.

JA Moves To South AAA Conference

The 1986 Football season for the Fighting Raiders will certainly be another great challenge. Jackson Academy has moved from North AAA to South AAA. This year's edition has some big shoes to fill, coming off a 9-2 season, and making it to the State semi-final. Some fine football players were lost to graduation. Sixteen players have graduated that have played a lot of football at JA. However, fifteen seniors return to this year's team, with a real good crop of Sophomores up from last year's undefeated Jr. High team. Nine Juniors are on this year's team.

Important lettermen that are returning for JA off last year's team will be Running Back *Chris Lawrence,* who was injured a good part of last year, *Chris Hughes* — Tight End; *Bill Ogden* — Center; *Stennis Wells* — Guard/LB; *Brian Baker* — WB/Rover; *Brian Brown* — Def. Back. Coming off surgery from last year, *Roger Davis* — Def. Back.

SAMMY DANTONE
HEAD FOOTBALL COACH
AND ATHLETIC DIRECTOR

Important shoes to fill this year will certainly be at QB, and the important Defensive Backfield positions that were hit hard by graduation. Vying for the QB position will be Jr. *Walter Woodrick,* Sr. *Brad Odom,* Soph. *Gray Bennett.*

Final analysis of the 1986 Raiders will be for the QB, Wing Back and Defensive Backfield positions to come through and for injuries to be avoided. The coaching staff is looking for to the tough competition of the tough South AAA. We feel like if these positions come through, we can be competitive in our league and *have another successful year.*

J.A. BAND

As the new Band Director, I am looking forward to the school year at Jackson Acadmey. It has the potential to be a very exciting and productive year for all the band members and band boosters.

This year the band will be showing off their new uniforms. We will march at the Jackson Academy football games, participate in marching contest and also have the opportunity to perform with the Ole Miss Band at the Ole Miss vs. Kentucky football game in Jackson this fall.

I feel that this year will be a major step toward developing a band program in which the faculty, patrons and students will look upon with pride. I'm excited about the possibilities and I hope you are too.

Varsity Boys Basketball

I am very excited about being a part of such an outstanding school. From all indications, Jackson Academy is made up of very supportive patrons, an excellent administration and staff, and a student body that thrives on excellence.

Based on a few summer workouts, we are anticipating a successful season in boys' basketball. Two problems we must contend with are the graduation of four starters and the move into the strongest basketball district in the state.

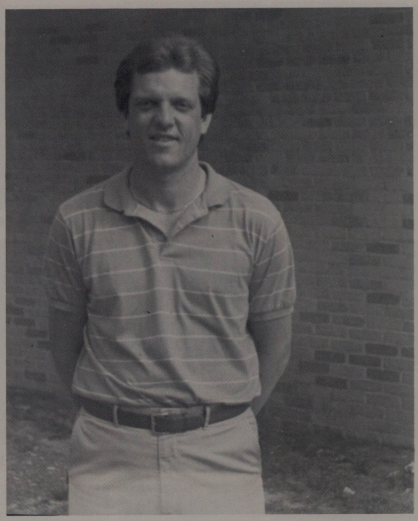

I have been very pleased with the attitude and effort of the young men that will make up this year's squad. We will be looking forward to your attendance and support this season.

Sincerely,

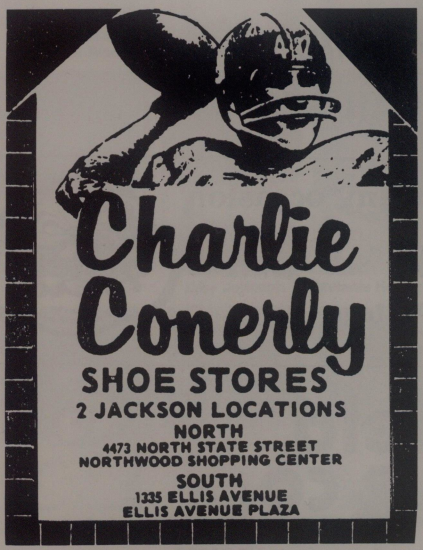

Steve Simmons
Head Boys Basketball
Coach

8th Grade Boys Basketball

The 8th grade boys' basketball team will have high hopes this year. This year's team will combine speed, finesse and a strong inside game. With a lot of work these young players should have a good year.

Varsity Girls' Basketball

The 1986-87 Lady Raiders are coming off of a disappointing year, but with the returning players blended with a talented crop of newcomers, Coach Sojourner has reason for optimism. "We know we have our work cut out for us with our new conference schedule," Sojourner said. "But this year we should have more leadership and more depth. The girls have been very faithful during summer practice which will help us in the long run."

Among the returners are Senior Guard Julie Dorman, Senior Forward Dorothy Hector and Angela Thornton, Junior Forward Ginger Hubbard, Senior Centers Kim Murray and Stacey Kenney.

The list of newcomers are Sophomore Guards Dana Woodrick and Kerri Quayle.

STRENGTH PROGRAM ... VERY IMPORTANT

"Combine running, stretching, and lifting . . .if you dare to be great." This statement made by University of Nebraska strength coach Boyd Epley sets the tone for any good strength program. A good strength program is essential to a successful overall athletic program. This program is a year-long, never-ending program that should benefit athletes in every sport. Bigger, stronger and faster will be our objective the 1986-87 school year.
